

Adaptation course ATA/OTA

This course is for people who have completed training as an Anaesthesia Technical Assistant (ATA) or Operating Technical Assistant (OTA), but whose training is not recognised in Germany. The adaptation course offers the opportunity to build on professional knowledge acquired in the home country and to acquire missing competences for practising the profession of Anaesthesia Technical Assistant (ATA) or Operating Technical Assistant (OTA) in Germany. After successful completion, you can apply for the certificate as a state-recognised Anaesthesia Technical Assistant (ATA) or Operating Technical Assistant (OTA) at the competent authority.

REQUIREMENTS FOR PARTICIPATION:

- Deficiency notice from the German Hospital Association (DKG) or district government (in NRW Münster).
- Language qualification:
 - B2 language qualification (certificate) as well as good written and spoken German language skills;
 - good communication in German colloquial language possible.
- Health qualification and complete vaccination protection according to STIKO guidelines (at least measles, hepatitis, SarsCov2 vaccination protection, etc.); proven by medical certificate and vaccination certificate.
- Residence permit with permission to work
- Employer's certificate stating that supervision for the practical part of the course will be provided

Course start: flexible

Course duration: 14 months (1,200 hours practical, 300-350 hours theory), depending on deficit analysis

Course organisation: Theoretical training takes place at the Bildungszentrum für Pflege und Gesundheit (BZPG) in Würselen; or online. Practical training takes place in various hospitals in the StädteRegion Aachen. List of cooperating hospitals can be provided by the BZPG.

Holiday periods are taken into account in the course planning.

Adaptation course MTR

In the field of MTR, we offer preparatory courses for the aptitude or knowledge test in cooperation with the organisation „MyGermanWay“. These courses start three times a year at the beginning of April, the beginning of August and the beginning of December (04.12.2023, 02.04.2024, 05.08.2024, 02.12.2024), are AZAV-certified and are financed by the employment agency.
