Please register online via our homepage :  
<https://bildung.bzpg.de>

**COSTS:** 1.800,00 €

*Funding via Job Centre and Employment Agency is possible*

**VENUE:**  
Training Centre for Nursing and Health (BZPG) in Würselen

**NUMBER OF LESSONS:** 300

**INTERNSHIP:** 4 weeks (3 pieces)

---

This qualification has a scope of 300 teaching hours with theoretical content and is supplemented by three internships of 4 weeks each. By completing this course, the participants obtain the qualification for „outpatient nursing assistance“ and can thus be employed in outpatient nursing for management groups I and II according to the HKP framework agreement.

This also enables persons without previous training or work experience in care to be employed in outpatient care.

We will be happy to put you in touch with outpatient care services to give you an insight into this area of work via „taster days“.
